24.0 SAFETY

A boat is entirely responsible for its own safety, whether afloat or ashore, and nothing, whether in the Notice of Race, Sailing & Boating Calendar or Sailing Instructions or anywhere else, reduces this responsibility. The provision of Safety Boats does not relieve the helm and the crew of the boat of their responsibilities.

It is for the helm of a boat to decide whether it is fit to sail in the conditions in which it will find itself. By launching, the helm confirms that it is fit for those conditions and that its crew are competent to sail and compete in them.

Nothing done by the Newport Boat Club can reduce the responsibility of the helm or crew members of the boat nor will it make the organisers responsible for any loss, damage, death or personal injury, however it may have occurred, as a result of the boat taking part in the race. Newport Boat Club encompasses everyone helping to run the race and the event, including the Management Committee, the Sailing and Boating Committee, the Race Officer, assistants and Safety Boats crews.

25.0 Additional Information

Newport Boat Club has adopted the RYA's Racing Charter, a copy of which can be found in the current Racing Rules of Sailing. Sailors are expected to comply with the responsibilities that the Charter requires and any sailor found by a protest committee to be in breach of the Charter may be reported to the Committee for investigation which may result in disciplinary action and/or a report to the Royal Yachting Association.
