

CLWB CYCHOD TREFDRAETH / NEWPORT BOAT CLUB

WINTER 2019/20 BULLETIN

This bulletin is based on the minutes of meetings of the Management Committee held on 31st October, 26th November and 20th December.

Rowing

We are delighted to report that Club and Committee Member Gaynor Martin set a new British record as a paralympic (PR3) rower at the Welsh Indoor Rowing Championships held in Cardiff in November. Hearty congratulations Gaynor.

Finance

Our Treasurer has forecast that we are likely to make a small trading loss before depreciation for the current financial year ending 29th February, despite costs being kept under tight control. Remedial action being taken includes scaling back our capital expenditure plans, and making a concerted effort to recover overdue subscription payments from a number of members.

Bar & Social

We are in discussion with our Bar Supervisor Ewan Rees about extending his contract until the autumn and hopefully longer.

Catering

Following the termination of our catering contract with JT Hospitality & Events, we are working hard to source alternative high quality providers for catering at the club over the summer period.

Sailing & Boating

A letter was received in November from the Paul Sartori Foundation thanking the club for its donation of £170, being the entry payments for the Sandra Thomas Passage Race held last August.

Facilities

We are very grateful to member Martin Maybank for donating to the club the leather settee and armchairs for the snug in the Members' Bar.

The next meetings of the Management Committee are scheduled for 24th January, 28th February and 3rd April.

Tony Williams, Llywydd/Commodore
